# WHY CHOOSE OUR TENTS FOR HOTEL OPERATIONS?

## DURABILITY

Q235 steel is treated with electroplating and powder spraying, which makes its service life 10-15 years. Q235 steel is designed for a wind load of 100km/h and a snow load of 0.5kn/m<sup>2</sup>. PVC tarpaulin has good mildew resistance and self-cleaning properties.

## FULLY CUSTOMIZABLE

Various sizes, configurations and functions can be customized according to specific needs.

## FLEXIBLE SITE UTILIZATION

Tent hotel is relatively flexible in terms of setup and disassembly. This allows operators to flexibly adjust business strategies and optimize resource allocation according to the peak and off-seasons of tourism. Tent for hotel can be quickly set up to meet a large number of accommodation needs in the short term and seize market opportunities.

## LOWER CONSTRUCTION COSTS

The tent for hotel has lower construction costs than traditional buildings because it reduces the need for foundation and structural engineering. Due to their mobility, tent hotels can be reused in different locations, further reducing long-term operating costs.

# APPLICATIONS OF HOTEL TENTS

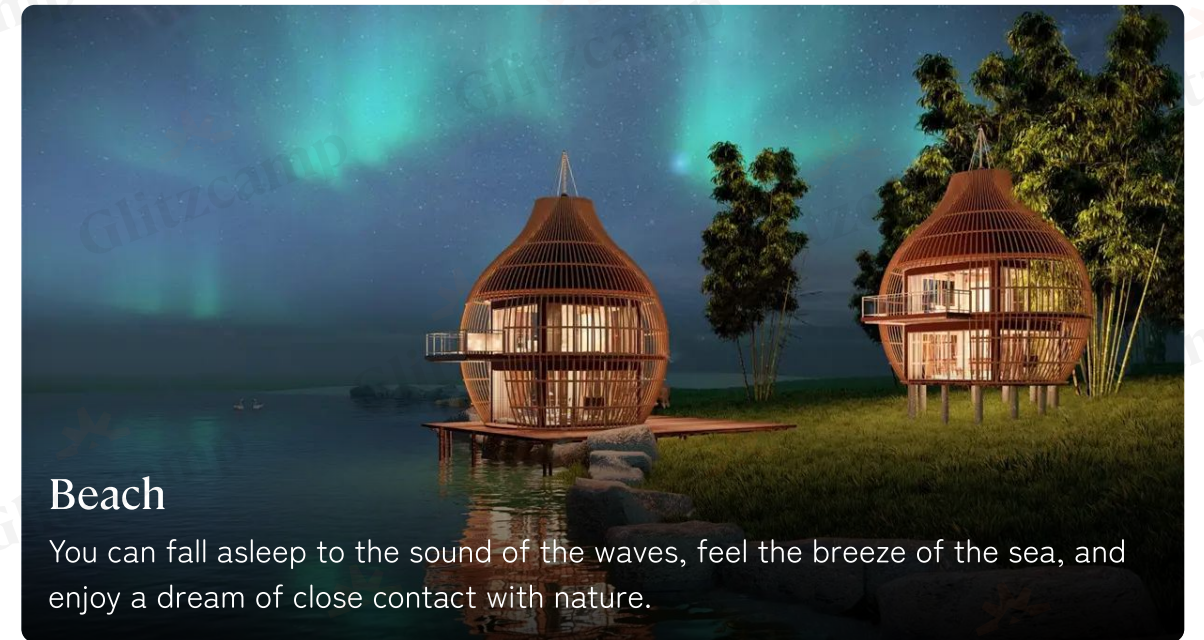

## ENVIRONMENTALLY FRIENDLY AND SUSTAINABLE

Tent hotels generally have less impact on the environment because they do not require large-scale land transformation and construction materials.

## ENHANCE BRAND IMAGE

A unique tent accommodation experience helps hotels establish a differentiated brand image and attract customer groups seeking unique travel experiences. Using tent for hotel operation helps to stand out in the competitive hotel market.

## Beach

You can fall asleep to the sound of the waves, feel the breeze of the sea, and enjoy a dream of close contact with nature.

## Forest

The bright windows allow you to enjoy the beautiful scenery of the forest. Breathe the fresh air, listen to the birds singing, and feel the harmony and tranquility of nature. The forest hotel tent allows you to blend in with nature.

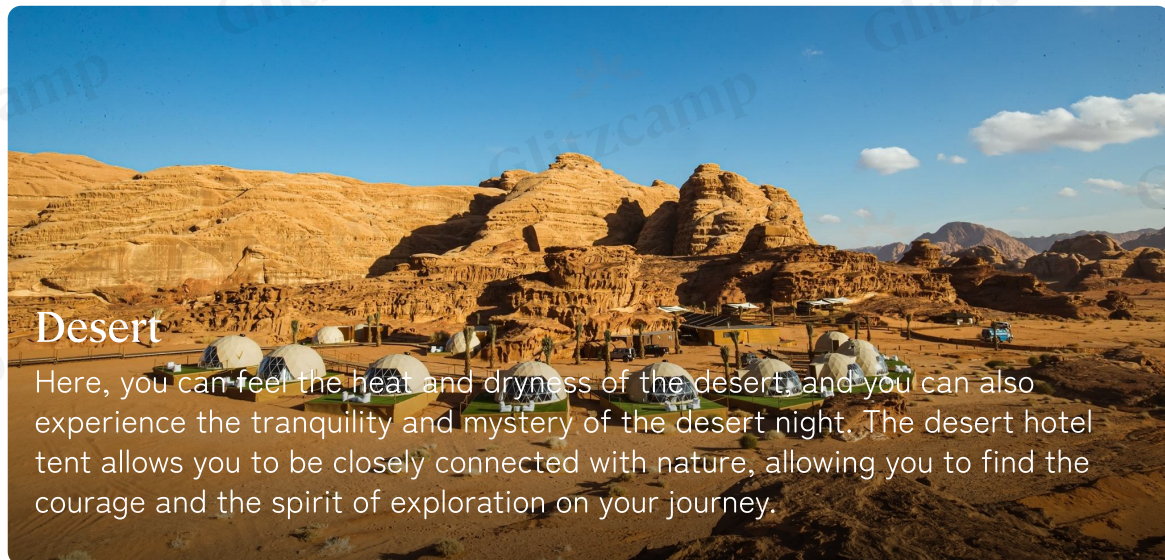

### Grassland

Look up at the starry sky and feel the vastness and mystery of the grassland. Sit quietly in the tent and enjoy the afterglow of the sunset.

### Lake

The lakeside hotel tent, which is located on the quiet lakeside, seems to be the guardian of the lake.

### Desert

Here, you can feel the heat and dryness of the desert, and you can also experience the tranquility and mystery of the desert night. The desert hotel tent allows you to be closely connected with nature, allowing you to find the courage and the spirit of exploration on your journey.

### Snow-capped Mountains

Snow-capped mountains hotel tent is designed for cold environments. Its excellent thermal insulation performance allows you to enjoy the warm and comfortable spring in the world of ice and snow.
